TIMELESS BEAUTY

SAVANNAH15
CHERRY
BRIARWOOD

The richness of Koch Cabinet's Cherry wood species is a perfect compliment to the surrounding decor of this home.

The various add ons and attention to detail make this functional kitchen the perfect space for heirlooms and keepsakes.

Five piece drawer fronts, crown molding, floating shelves and a built in desk are just a few of the features that give the kitchen its style and flair.

When entering this family's house you immediately know their kitchen is the heart of the home. Designed for a lady that loves to cook, your first impression might be enhanced by the smell of freshly baked pies.

The base chrome mixer lift by Rev-A-Shelf fits perfectly beside a pots and pans base cabinet; it includes a rollout that is perfect for baking accessories.

A walk in pantry and the stunning Omega Accent Range Hood adds functionality and beauty.

The flowing space defines the quiet elegance of this home's remodel. Granite counter-tops and a stunning hardwood floor is the perfect compliment to this tranquil setting.

Dual Islands make food preparation rewarding and fun with plenty of prep space, and seating for guests and family to participate.

Modern hanging lights over the islands add a stunning element to the perfect harmony of the room.

Wine racks, beverage coolers, a butlers galley, a walk in pantry, and China Doors make this kitchen one to be treasured for years.

Your kitchen is truly an investment that will enrich your home with love and laughter through the years.

It is the place where friends and family come together for gatherings and special occasions.

DOOR AND DRAWER OVERLAY OPTIONS

Modified Full Overlay

The term "overlay" refers to the amount the cabinet door (and drawer front) overlays (or hangs over) the cabinet frame opening. Koch frames are typically 1 3/4" wide and two overlay options are available.

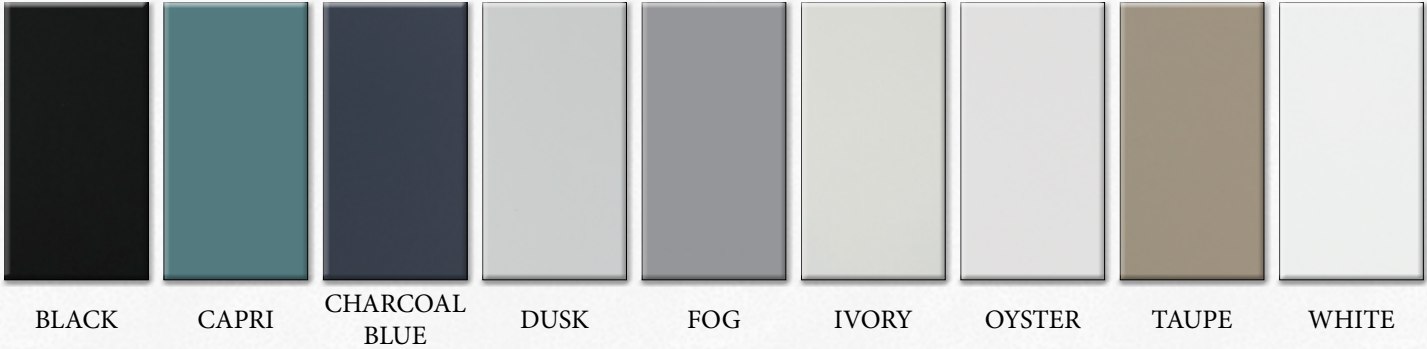

Our standard overlay generally covers 1/2" of the frame, leaving 1 1/4" of the frame exposed. The Mod-Full overlay option will generally cover 1 1/2" of the frame, leaving 1/4" of the frame exposed.

Note: There can be some exceptions with certain cabinets. Check with your dealer for more information.
